Counties Covered: Our litigation is centered in Dallas County, which we believe to be a fair venue. Unlike some counties, the Dallas county judges are very familiar with the turnover/receivership remedy and grant it routinely in post judgment cases. We sue debtors residing in the following counties: Collin, Dallas, Denton, Ellis, Hood, Johnson, Kaufman, Parker, Rockwall, Tarrant and Wise. Zip codes for the referenced counties include: 751-, 752-, 753-, 760-, 761-, 762-, and 764-.

Receiverships: We file a motion for receivership at the time post judgment asset discovery is served on the debtor. Often, this gets the debtor's attention and the judgment paid; or a receiver appointed to control debtor's assets and bank accounts. Though not a panacea, we generally get favorable results when the debtor is either operating a business, or has an active bank account.
